Luke J. O'Neill, CFA <i>Chief Investment Officer</i>	27 years
Sean Volk, CFA <i>Portfolio Manager</i>	13 years

The All-Cap Equity Composite is measured against the Russell 3000 Index. Benchmark returns are total returns and investments cannot be made directly into an index. All performance is reported in U.S. Dollars. Composite returns are time weighted and presented gross and net of management fees. Net of fee performance was calculated deducting the maximum fee charged (1.00%) to portfolios.

CooksonPeirce is a registered investment adviser. Registration of an Investment Advisor does not imply any level of skill or training. A fully compliant GIPS presentation along with a complete list and description of all composites is available by calling 412-471-5320. Investing involves risk; clients may experience a profit or a loss. Past performance is not indicative of future results.
